Health Career Photography

Event Category: Leadership

Eligible Divisions: Secondary & Postsecondary/ Collegiate	**Round One:** Digital upload of portfolio of photos, pre-judged virtually	**Digital Upload:** YES, portfolio of photos
Solo Event: 1 competitor	**Round Two:** Required Display Time & Presentation (5 minutes)	**Materials Allowed in Presentation:** Portfolio of Photos. Notecards (optional).

New for 2026-2027

Pre-judging and advancement to Round Two has been clarified. Competitors now have a maximum of five (5) minutes for their presentation with judges. Editorial changes have been made.

Event Summary

Health Career Photography provides HOSA members with the opportunity to gain knowledge about different health careers and analyze them through the medium of digital photography. Competitors will photograph three different health professionals performing an aspect of their job, edit the photos using computer software technology as needed, provide a written description of the career, and then present their three printed pictures to a panel of judges. This event aims to inspire members to use photography as a means to explore health careers.

General Event Information

General Rules	Competitors must be familiar with and adhere to the General Rules and Regulations.
Dress Code	Proper business attire or official HOSA uniform. Bonus points will be awarded for proper dress.
Competitors Must Provide	• Photo ID • Competitor uploads the portfolio **as a single PDF file** to the HOSA Digital Upload System by May 15 for ILC competition (see advisor regarding SLC requirements and deadlines) • Notecards; paper or electronic (optional) • Physical copy of portfolio for required display time and presentation with judges HOSA Conference Staff will provide equipment and supplies listed in Appendix I.

ROUND ONE- Digital Upload of Portfolio (Pre-judged virtually)

The Photographs	1. **SUBJECT OF PHOTO:** The main subject of each photo should be **a health professional** in action. The health professional needs to be visible and identifiable in the photo, and the photos should portray something about the profession or the professional's skills. By looking at the photo, an observer should be able to tell which health profession is being portrayed. a. For a sample list of health careers, visit the National Consortium for Health Science Education and Explore Health Careers websites. ■ " NOTE - the list of careers at the NCHSE link has been updated to match Advance CTE career clusters. **Please review carefully to ensure your selected career meets the above criteria.** b. Photos of only medical "procedures" or "body parts" with no supporting career reference and photos including the competitor DO NOT meet the guideline requirements. c. All photos should be HIPAA-compliant.

The expectation is that competitors read and are aware of all the content within these guidelines and associated links. Successful competitors will study all links for the detailed information.

	2. The selection of the three (3) different health professionals to be photographed is at the competitor's discretion. The pictures must be of three *different* health professionals in three *different* fields (i.e., nurse / pharmacist / physical therapist instead of dentist / dental hygienist / dental assistant). The selected professionals must be willing to share information about their careers with the competitor. 3. Competitors may use software to edit and enhance digital photographs. Editing and cropping of the pictures are permitted, but adding graphics, backgrounds, photo collages, and other elements to the photo is not permitted.
Portfolio Details	4. The portfolio requirements are as follows and should be included in the portfolio *in this order*: a. The items below will be in an **official HOSA portfolio or notebook from** The HOSA Store. The physical portfolio is compiled for the purpose of Display Time and Round Two at ILC. Copies of this portfolio are uploaded to the HOSA Digital Upload System for round one pre-judging as noted below. b. **Page 1-** The title page includes the event name, competitor's name, HOSA division, chapter number, school name, and Chartered Association. All career titles are photographed, centered, and neatly presented. (A creative design or pictures may be used, but they will not affect the score.) This is one page only. c. **Page 2-** Photo #1. The photo must be 8" X 10" (each photo may be landscape or portrait, as the competitor chooses). The competitor must place the photo (only the photo) in a clear page/sheet protector and write the photo number (#1) in the bottom right corner of the photo or sheet protector. d. **Page 3**- Photo #1 Narrative Description. A one-page narrative description explaining the professional's job responsibilities, required education/training, benefits/challenges, and any other specific information from this experience that competitors found interesting. Narratives must be: ■ one-sided, typed ■ 12 pt. Arial font, double-spaced ■ 1" margins on 8 ½" x 11" paper ■ header with the last name, & name of the event on the top left side of the narrative page ■ page number top right side e. **Page 4-5-** Photo #1 Permission Forms. The permission forms found at the end of these guidelines must be explicitly included for photo #1. A facility permission form AND a patient/subject permission form must be included behind each photo's narrative description. If photos are taken in the same facility, copies should be placed behind each photo narrative. Photo permission forms should not be placed in clear page/sheet protectors. f. **Pages 6-9** - Photo #2, Narrative & Permission forms (or copies), following rules c, d, and e above. g. **Pages 10-13**- Photo #3, Narrative & Permission forms (or copies), following rules c, d, and e above.
REQUIRED Digital Upload	5. Competitors **MUST** upload the following item(s) to the Digital Upload System by May 15 for ILC. ● Photography portfolio- as ONE COMBINED PDF file **If the upload is not submitted as a single PDF document, the judge will NOT view it and NO points will be awarded. In addition, any links or documents that are not accessible to the judge for viewing, no points will be awarded.**

	6. **May 15** at midnight EST is the final deadline, and there will be **NO EXCEPTIONS.** We STRONGLY suggest not waiting until the last minute to upload online to avoid user challenges with the system. 7. Detailed instructions for uploading materials can be found at https://hosa.org/competitive-event-digital-uploads/ 8. State Leadership Conference (SLC) vs. HOSA's International Leadership Conference (ILC): a. **State Leadership Conferences.** The competitor must check with their Local Advisor for all state-level processes used for competition, as digital uploads may or may not be required. b. **International Leadership Conference** ■ If a competitor uses the HOSA Digital Upload System as a requirement at the SLC, the competitor **MUST upload an ADDITIONAL time for ILC by May 15.** ■ If the HOSA Digital Upload System is NOT used at the competitor's SLC, it is still the competitor's responsibility to upload the product for HOSA's ILC no later than May 15. Not using the HOSA Digital Upload System at a competitor's State Leadership Conference is not an exception to the rule. 9. For ILC, the digital materials uploaded by May 15 will be PRE-JUDGED. Competitors who do not upload materials are NOT eligible for the Round Two presentation portion of the competition and **will NOT be given a competition appointment time at ILC**. All digital content uploaded correctly as of May 15 is what will be used for pre-judging at ILC. 10. It is the competitor's responsibility to ensure that the digitally submitted photos are legible, clear, and large enough files to view effectively for round one pre-judging. 11. Events featuring a required display time at the International Leadership Conference (ILC) are pre-judged in early June. Round Two finalists are determined immediately following this initial evaluation. Results are not released until after the Required Display Time at ILC. Because some teams may not advance, their participation at ILC may be limited to the required display time. While organizers make every effort to advance as many teams per division as possible, final decisions are based on Round One criteria and available space for Round Two. Judges' decisions are final.

Required Project Display Time at ILC

All competitors in this event at the International Leadership Conference are **required** to attend the **HOSA Project Display Time** for this event. Competitors will stand with their photo portfolios and share event experiences with conference delegates. Failure to attend Project Display Time will result in a 15-point deduction from Round Two.

ROUND TWO- Presentation to Judges

1. The top competitors from Round One in each division will advance to Round Two, the full presentation. The number of advancing competitors will be determined by criteria met in Round One, as well as space and time available for Round Two. Round Two finalists will be announced on-site at ILC per the conference agenda. Competitors shall report to the event site at the pre-assigned appointment time.

2. Competitors must bring a hard copy of their portfolio to the ILC competition to reference during the Round Two presentation and the required display time. The portfolio is the ONLY thing that can be shown to judges during the presentation.

3. Presentation Process:
   a. The competitor will present each photo to the judges.
   b. Photos should be numbered 1, 2, 3- as described above and presented in that order.

c. The competitor will have a maximum of five (5) minutes (approximately one and a half minutes per photo) to present the picture, describe the profession, explain what is happening in the picture and how the career fits into the healthcare system. Competitors may hold their portfolios/photos as they present them to the judges.
d. The timekeeper shall present a flash card advising the competitor when there is one (1) minute remaining.
e. The competitor will be stopped at the end of the five (5) minutes.
f. When instructed, competitors will take portfolios with them. Any portfolios not picked up by the published time and place will be discarded.

4. Use of index card notes during the speech is permitted. Electronic notecards (on a tablet, smartphone, laptop, etc.) are allowed, but will not be shown to judges. Please refer to GRRs.

Final Scoring

1. Scores from Round One will be added to Round Two to determine the final results.

2. In the event of a tie, a tiebreaker will be determined by the areas on the rating sheet section(s) with the highest point value in descending order.

Future Opportunities

The HOSA Scholarship program has funding available for HOSA members who have an interest in various health careers! The application process begins January 1, 2027, and can be found here: https://hosa.org/scholarships/.

Graduating from high school or completing your postsecondary/collegiate program does not mean your HOSA journey has to end. Health Career Photography
Permission Forms

Instructions

The facility and subject permission forms should be included in the photo portfolio described in these guidelines. A separate facility permission form should be included for each photo. If there is more than one subject in a photo, each subject must sign the permission form. These forms must follow each photo narrative.

These guidelines contain the permission forms for the facility and the patient/ subject(s).

Before taking any photos, the competitor should contact the communications and marketing department of the facility in which they plan to take the photo(s). The competitor should seek permission to photograph the facility, explain its purpose, and show the Health Career Photography event guidelines. Some facilities may require the HOSA member to complete their own permission form, which will remain with the facility, but a copy should be obtained and submitted with HOSA event documents. If photos are taken in the same facility, the original should be placed behind the 1st photo used, with a copy of the form placed behind additional photos.

Once the facility grants permission, competitors must obtain permission from all people (subjects) visible in the photo per HIPAA regulations.

For ILC, these permission forms must be included in the portfolio and uploaded to the HOSA Digital Upload System by the May 15th deadline.

If multiple facilities are used for the three photos, each facility needs a permission form completed.
