Health Informatics

Event Category: Health Science

Eligible Divisions: Secondary, Postsecondary/ Collegiate	**Round One:** 50 Q test (60 minutes)	**Digital Upload:** NO
Solo Event: 1 competitor	HOSA will provide a basic handheld calculator for the test.	

New for 2026-2027

Editorial changes have been made.

Event Summary

The Health Informatics test will assess knowledge and skills related to health information systems, analysis of healthcare data and information, and clinical research processes. This competitive event consists of a written test. In the event of a tie, the essay will be judged to break the tie. It aims to inspire members to learn more about this field.

Sponsorship

HOSA-Future Health Professionals appreciates the sponsorship of Health Informatics by The American Health Information Management Association. A special landing page has been developed.	AHIMA American Health Information Management Association®

General Event Information

General Rules	Competitors must be familiar with and adhere to the General Rules and Regulations.
Dress Code	Proper business attire or official HOSA uniform. Bonus points will be awarded for proper dress.
Competitors Must Provide	• Photo ID • Two #2 lead pencils (not mechanical) with an eraser • Neon colored foam earplugs, NOT earbuds, for noise control (optional) HOSA Conference Staff will provide equipment and supplies listed in Appendix I.
Official References	The references below are used in developing the test questions: • Zhou & Clack. *Introduction to Healthcare Informatics*. AHIMA Press. Latest edition. • White, Susan. *A Practical Approach to Analyzing Healthcare Data*. AHIMA Press. Latest edition.

ROUND ONE- Test

Test Instructions	All competitors will be given a test and test answer sheet. The written test will consist of 50 multiple choice questions in a maximum of 60 minutes. See test instructions here. An essay tiebreaker question will be administered with the original test. Essay tiebreakers will be completed on the back of the test answer sheet.
Time Remaining Announcements	There will be NO verbal announcements for time remaining during ILC testing. All ILC testing will be completed in the Testing Center, and competitors are responsible for monitoring their own time.

The expectation is that competitors read and are aware of all the content within these guidelines and associated links. Successful competitors will study all links for the detailed information.

Written Test Plan	The test plan for the Health Informatics Test is: • History, Careers, and Roles - 8% • Information Systems in Healthcare - 12% • Data Analytics - 28% • Data Integrity and Quality - 8% • Data Governance - 12% • Health Information Privacy & Security - 12% • Ethics - 4% • Research Study and Design - 12% • Emerging Technologies - 4% The test will include case studies, clinical trials, and EHRs. It will assess knowledge and skills related to analyzing background data and information, data entry and retrieval, and risk measures and calculations. A series of multiple-choice questions related to the data will be included. At the International Leadership Conference, HOSA will provide basic handheld calculators (no graphing calculators) for addition, subtraction, division, multiplication, and square root calculations. Personal calculators are NOT allowed.
